

BUDGET ALLOCATION POLICY – LEVEL A

The allocation policy utilizes a base percentage for each of the program areas and provides a small amount to be allocated to address University priorities. The base percentage for the program areas were originally established in 1994-95 for a two-year period. In keeping with policy, these percentages were reviewed every two years to determine whether a change in the percentages should be made.

Beginning in 2008-09, the President established fixed Level A Allocation percentages for each area which remained in effect until 2015-16. In 2016-17, Financial Services became a separate Level A Allocation. The percentage was derived from agreed upon calculations with Administrative Services. All other areas remained the same.

A historical view of the annual revised Level A percentages is shown in the chart below.
