

Centrally Managed Funds

Centrally Managed Resources

are resources that are essential to the operation of the campus and are independent from any division's core activities, all of which are the financial responsibility of the University at large. Centrally Managed Resources include the following:

President Reserve	Reserve for Economic Uncertainty State University Grant	Benefits Pool	Risk Pool
Risk Pool Property Insurance Compensation Pool	Utilities	EOP	Graduate Grants
		Central Utility Plant (CUP)	

The **Office of Budget & Resource Planning** provides budgetary oversight of the budgets for Centrally Monitored Resources, Special Funds, and Auxiliary Corporations on behalf of the President.

The Office of Budget & Resource Planning functions as the central conduit for monitoring the fiscal impact of personnel changes, compensation increases, student fee revenue, employee benefit costs, risk management premiums, reimbursed grants/contracts, and indirect cost recovery.
