Availability, Location, and Methods to Summon Law Enforcement Assistance

Availability and Location of Law Enforcement Assistance

The Fresno State Police Department (FSPD) is located at 2311 East Barstow Ave (the southeast corner of Barstow and Jackson Avenues). The Police Department operates 24 hours a day, 365 days a year, and provides safety and security for students, faculty, staff, and visitors. Our law enforcement responsibilities govern university property and officers have full peace officer powers, including arrest, per California Penal Code Section 830.2(c) and Education Code 89560. Per state statute, our authority extends one mile beyond any university boundary and officers are afforded peace officer privileges throughout the State of California. All sworn police officers comply with peace officer standards set forth by the California Peace Officer Standards and Training (P.O.S.T.) Commission.

The Fresno State Police Department works closely with the Fresno Police Department, Fresno County Sheriff's Office, Clovis Police Department, California Highway Patrol, Alcoholic Beverage Control, and the FBI's Joint Terrorism Task Force. All aforementioned law enforcement agencies generously provide assistance to FSPD upon request. The University annually reviews a memorandum of understanding with the Fresno Police Department regarding mutual assistance pursuant to the Kristin Smart Act for Uniform Crime Report Part I crimes.

Access to academic and administrative buildings on campus is limited to University academic, research, student life, and business/administrative purposes only. Security Considerations Used in the Maintenance of Campus Facilities

Campus facilities are maintained by the Facilities Management department and patrolled by the Fresno State Police Department. Facilities Management maintains the campus buildings, grounds, roadways, and parking lots, with a concern for safety and security. They inspect campus facilities regularly, respond to reports of potential safety and security hazards, and perform necessary repairs accordingly. Facilities Management can be reached at 559-278-2373. Community Service Specialists test the emergency phones on a monthly basis, recommend the trimming of shrubbery for safety reasons, conduct periodic lighting surveys, and report non-functioning lights or other security hazards to Facilities Operations.

Maintenance concerns for Fresno State Housing are addressed Mon.-Fri. between 8 a.m. and 4 p.m. by their maintenance staff. Emergency repairs approved by the Facility Coordinator are completed after hours and on weekends. Repairs are prioritized based on health and safety concerns, order of receipt, and extensiveness of repair.
