

Graduate Study Center

Writing Studio

What we do:

- Individual in-person or **virtual (ZOOM) meetings**
- Writing process and research workshops
- Writing groups

Consultants are trained to promote collaborative learning, where the student is an active participant in the session; offer practical encouragement and constructive criticism; and direct students to resources that will help them continue their work independently after each session. The goal of each session is for the student to increase his or her skill level, confidence, and independence as a writer.

We will meet students at any stage of the writing process!

Our friendly staff is willing and able to work with graduate students virtually.

About Us

- a quiet space for graduate students
- second floor of the Henry Madden Library
- study rooms
- computer workstations
- collaboration table
- graduate student art gallery
- food friendly
- Writing Studio and Statistics Studio on site

Statistics Studio

What we do:

- Individual in-person or **virtual (ZOOM) meetings**
- Stats and data analysis program workshops
- Data analysis study groups

Consultants assist students before data collection and provide aid through every step of the research process including the brainstorming session.

It does not matter if it's a thesis, dissertation, project, homework assignment, or a statistical related question, the Statistics Studio is designed to help students gain the knowledge and skills to succeed.

We will meet students at any stage of the statistical analysis process!
