

Global Voices of Fresno State Support Community Literacy

The Collaborative Partnership Will:

- Foster international student engagement with the university & the community
- Display the rich diversity of our campus
- Educate the community in a safe & welcoming environment
- Sharing perspectives on our global community
- Value added programming encouraging literacy, exploration & curiosity about different cultures
- Provide opportunities for further collaboration & discovery

“Reading Takes You Everywhere”

This summer the Fresno County Public Library & ISSP Partners to add some international flare to their Summer Reading Program

Our international students take patrons on an armchair journey across the globe, sharing language and insights, while snacking on country specific treats and learning about the resources the library has to offer.

The **Summer Reading Program** starts June 11th with our Building Bridges Series presented at the Betty Rodriguez, Fig Garden, Woodward Park and Sunnyside Libraries between July 12th –August 2nd every Thursday at 7pm.

During the **Summer Reading Program** children have the opportunity to read books, win prizes, snack & participate in activities.
