PASSPORT PLACE

The Passport Place at Fresno State has quickly grown to become one of the largest passport acceptance facilities in California and serves as a front door to the University for the general public. All proceeds from the Passport Place go directly to support students participating in international study abroad experiences via the Division's Travel Grants.

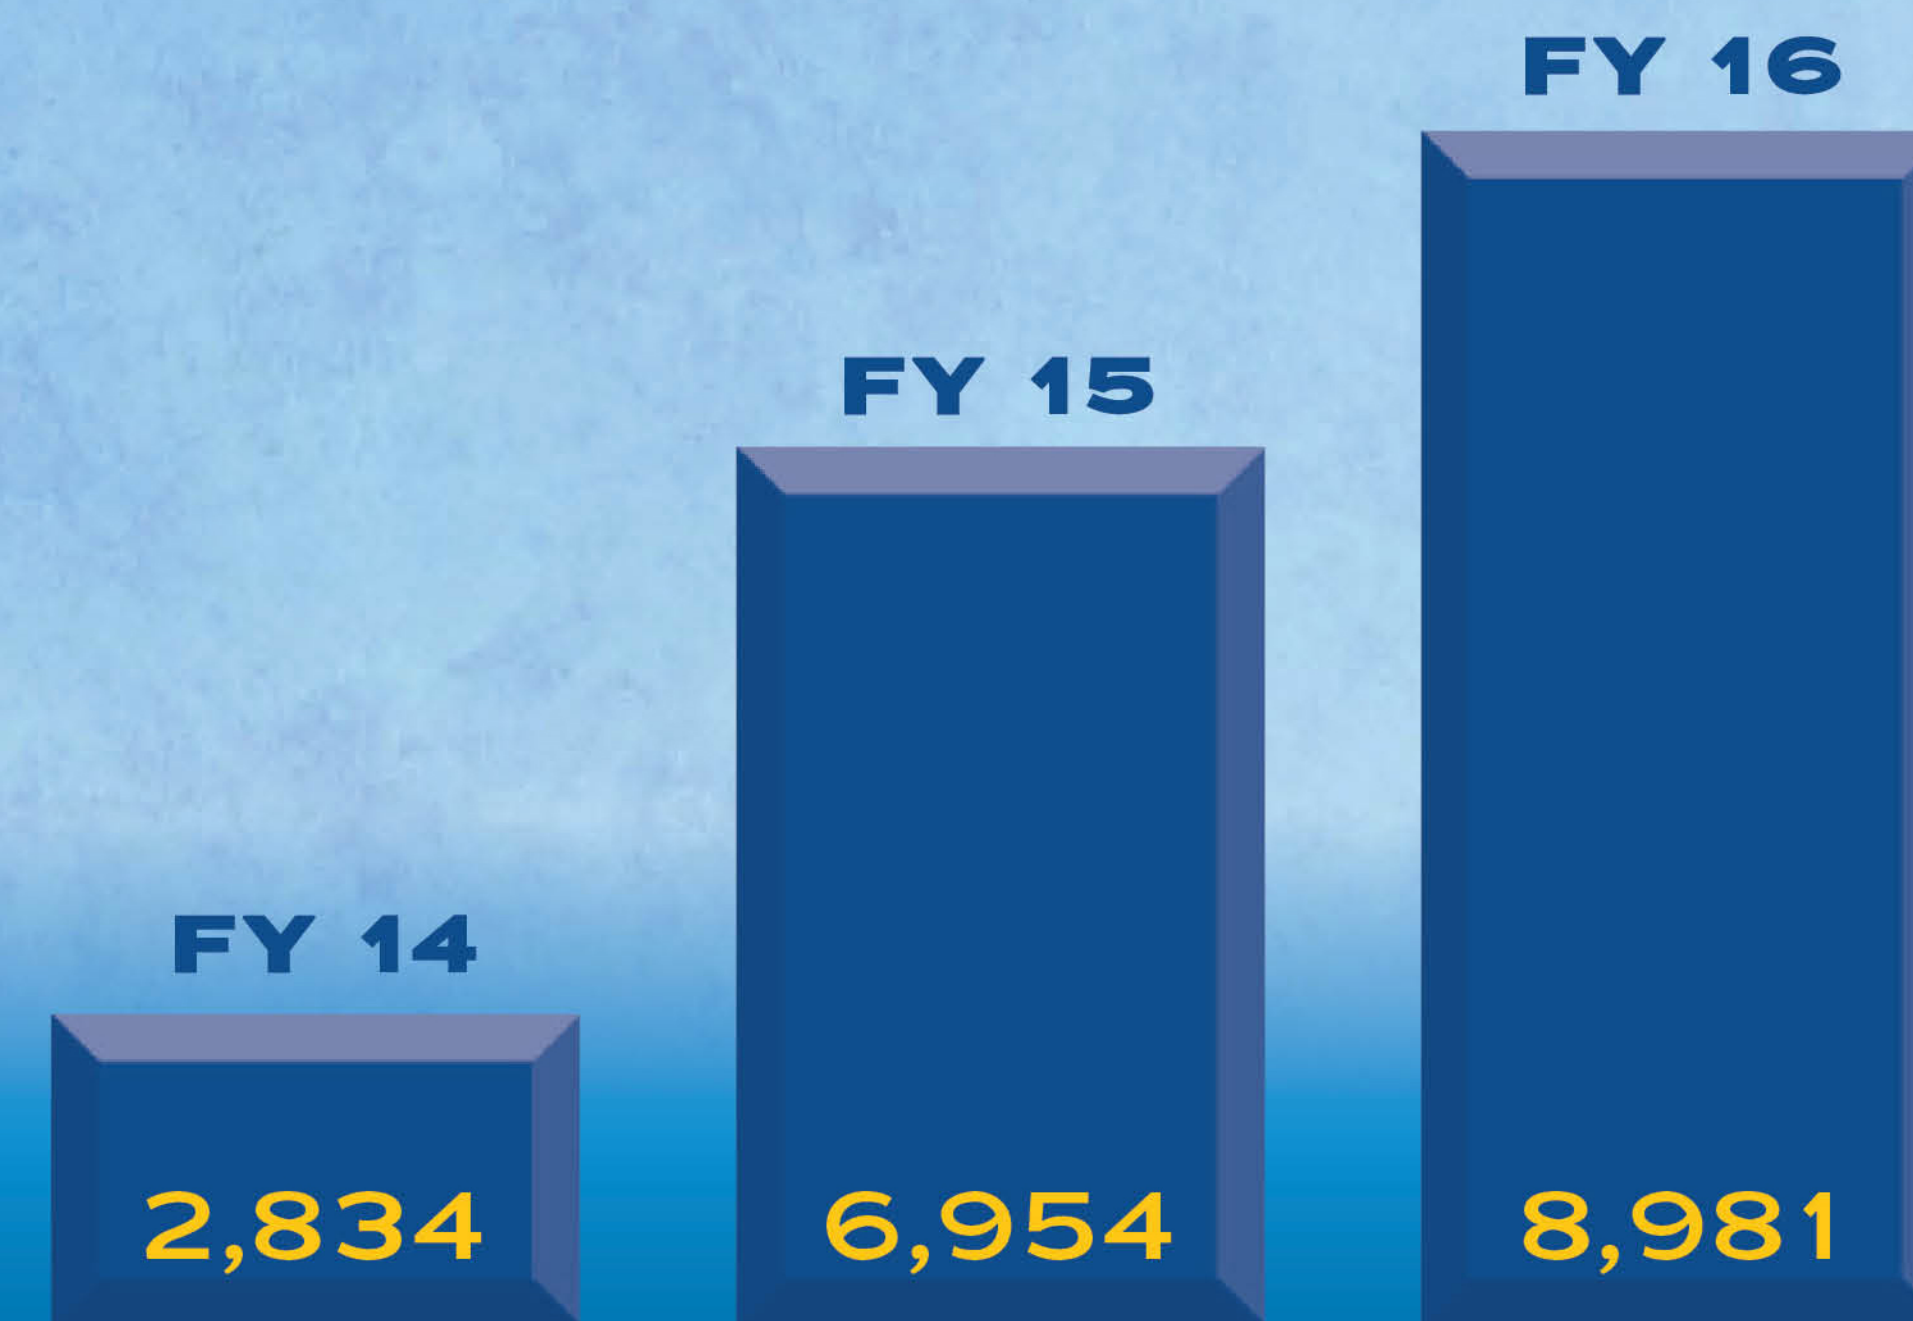

Operated by staff and student assistants from the Division of Continuing and Global Education, the facility is

certified by the U.S. Department of State and boasts 10 agents. During the 2016-2017 academic year, the Passport Place processed 8,981 passport applications, more than three times the amount processed in 2014-2015.

This year, the proceeds from the Passport Place were combined with other funding sources to guarantee student awards. With the growth of the program, the number of awards to be handed out during the 2017-2018 academic year will end up being significantly greater than in the past. The minimum value of awards also increased to \$1,000, providing even more support for students.

PASSPORT APPLICATIONS PROCESSED

THE \$25 PROCESSING FEE FROM EVERY FIRST-TIME PASSPORT APPLICATION PROCESSED GOES INTO A TRUST FUND DESIGNATED FOR STUDY ABROAD TRAVEL

NOT INCLUDING THOUSANDS OF RENEWALS
