

Activity Event Planning to Maintain a Healthy Social Life

Life Lessons from Wayfinders at Fresno State for Students

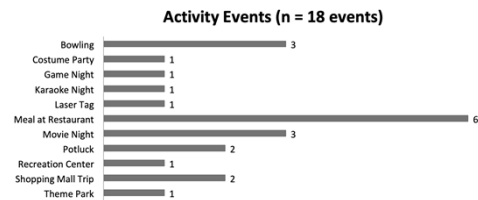

Overview: Our students learn to plan and carry out activity events. Activity events are important for students to engage in for enjoyment purposes, to experience something new, celebrate a special occasion, and, most importantly, to socialize with their peers. These skills seem important for anybody attending post-secondary education to maintain a social life.

Programming: Event Participation Planning is used to support students in planning to participate in activity events. Event Finalization is the follow-up tool to support students in finalizing their plans and adequately preparing for participating in an activity event. Event Participation Assessment is used to assess the results of the planning and follow-up on the actual activity event.

Event Participation Assessment:

❖ 17 students from the Class of 2020, over the course of the Fall 2018 semester, 8/1/2018 – 12/31/2018.
