

The Graduate School at Fresno State

Streamlining Graduate Student Services and Processes

- Centralize services
- Develop outreach, recruitment, and retention plans through institutionalization of Graduate Net Initiative services
- Leverage technology to modernize processes

Enhancing Graduate Student Life

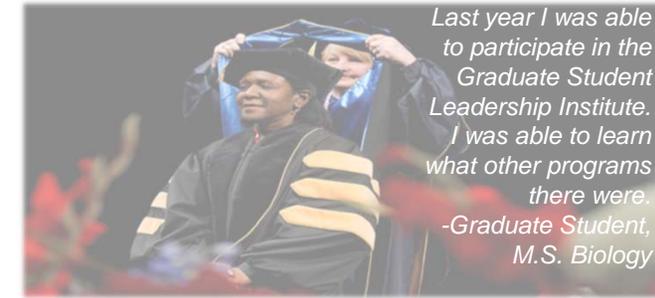

- Offer comprehensive and co-academic professional development
- Amplify the graduate student voice through ASI senator position and a Graduate Student Association
- Establish a space to celebrate graduate student success

I feel like I want more teaching and research experiences where I can meet with professors and talk about work-life balance.

-Graduate Student,
M.A. Psychology

Transforming the Graduate Experience to Maximize Student Success

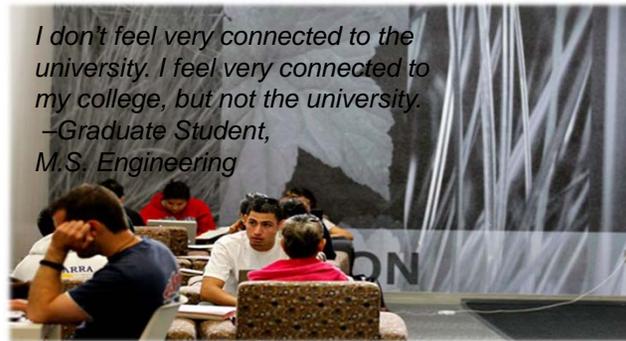

Empowering Graduate Students

- Provide assistance to graduate students in pursuit of research and creative activities
- Promote interdisciplinary opportunities for research
- Finance TA/GA opportunities
- Institutionalize the Graduate Statistics Studio

I don't feel very connected to the university. I feel very connected to my college, but not the university.

-Graduate Student,
M.S. Engineering

Elevating the Profile of Graduate Education

- Work with University Advancement on a marketing plan and strategic storytelling to re-brand the unit
- Create a community advisory board to elevate awareness and increase outside connections
- Identify sustainable funding streams for graduate student research and support
