

Dear Colleagues:

As part of the Central Utility Plant Replacement (CUPR) Project, a contractor will be working in the alley north of East Engineering. Please find a graphic representation in our interactive map [here](#). You may have to zoom to the East Engineering building to hone in on the affected area.

Impacts:

- The roadway north of East Engineering will be unavailable as a thoroughfare starting Friday, October 17 or later.
- There may be intermittent noise and vibration disruptions from jackhammering.

Questions/Concerns?

Please share with any fellow colleagues or students who would benefit from receiving these updates.

The contractor team wears proper identification and will be working in accordance with federal, state and local safety and environmental regulations.

Please contact Facilities Management if you have any questions. We welcome your feedback on the [CUPR Project](#) - please submit any questions or feedback [here](#).

Sincerely,

[Facilities Management](#)
