

09/01/2022

## **Colleagues:**

As you may be aware, we are well underway on the Central Utility Plant Replacement Project (CUPR) that includes installation of new underground piping throughout campus. New fencing will be installed just east of Ag Science beginning tomorrow. Please visit our [interactive map](#) and zoom in to see the additional fencing.

## **Potential Impacts:**

- **Ag Science East Side-** The paved walkway just east of Ag Science will not be blocked by the fencing. It will block portions of the lawn in this area.

## **Questions/Concerns?**

Please contact Facilities Management at 559.278.2373 if you have any questions. Feedback can also be provided [here](#).

More information on the project can also be found on the CUPR [website](#). Thank you for your cooperation and understanding.

Sincerely,

Facilities  
Management
