

Dear Colleagues,

The Central Utility Replacement Plant Project (CUPR) safety fence by the PHS building will be adjusted on Monday December 19.

As can be seen [here](#), the changes will impact access to the building using the east entry door. This entry door will not be accessible December 19 through January 17. The main entry doors will remain accessible and directional signage will be in place for pedestrian traffic.

Please share with any fellow colleagues who would benefit from receiving these updates.

Additional Resources:

- For up-to-date ADA pedestrian pathways throughout the project, be sure to access the interactive [map](#) available on Facilities Management website or the Fresno State [Mobile App](#).
- Contact Facilities Management at 559.278.2373 if you have any questions. Feedback can also be provided [here](#).
