

## Spring 2026 – Kasinath Kishor

---

*Major: Electrical Engineering*  
Operations & Maintenance  
Intern

### **Who he is:**

Kasinath is a Fresno State student pursuing a bachelor's degree in Electrical Engineering. Kasinath wants to build a career in the electrical power industry as a power engineer. He is determined to become a licensed Professional Engineer (P.E.) in California and aspires to transition into forensic engineering later in his career.

### **Personal Interests:**

Martial arts is Kasinath's favorite extracurricular activity. He trains in Kajukenbo and enjoys practicing weapon forms, the philosophy behind kata, and sparring.

### **Summary of Internship:**

Kasinath is an Operations & Maintenance Intern whose responsibilities will include assisting the CUP supervisor in managing the plant, learning leadership & managerial responsibilities, and gaining knowledge in the construction field.
