

2025 Scholarship Recipient

Ali Azizi – Outstanding Technical Achievement in Energy Efficiency

- Major: Mechanical Engineering
- Member of the Fresno State Water Team, currently involved in research on the impact of HVAC systems on Controlled Environment Agriculture (CEA) and how they can reduce energy consumption.
- Ali's goal while at Fresno is to focus on energy-related research and explore practical strategies for reducing energy usage.
- Upon graduation, Ali plans to pursue a Ph.D. and continue conducting research in energy efficiency and sustainability.
