

2025 Scholarship Recipient

Kritika Jaswal – Outstanding Achievement in Community Outreach, Education, and Promotion of Energy Efficiency

- Major: Biology
- Actively involved in research with Dr. Maitra's lab, Kritika focuses on peptide synthesis and antimicrobial activity, which aligns with her pre-medical aspirations.
- Kritika's goals include excelling in her coursework, gaining hands-on research experience, and building a strong foundation for medical school.
- Upon graduation, Kritika plan to attend medical school and pursue a career in medicine, with a focus on research and patient care.
