 - \$5,000 for employees earning \$160,000 or more annually (maximum contribution for married couples filing separate tax returns is \$2,500)

TIPS FOR SELECTING A HEALTH PLAN

You may want to consider factors such as access to doctors, range of benefits, cost of services, monthly premiums, restrictions to specific groups of doctors, referral and authorization by a primary care physician (PCP), and access to specialist or prescription drugs and restriction on a plan formulary or list of preferred drugs.

Other tips to keep in mind:

- Identify your needs and the needs of your family members.
- Understand the basics of how your health plan's network is managed e.g., whether it's a PPO, EPO or HMO plan (see page 9).
- Consider your out-of-pocket costs, as well as copays for prescription drugs, office visits, lab tests and hospitalization.
- Review your health plan availability by county and ZIP code.
- Review your health plan's covered benefits and exclusions.
- Consider any life changes that may occur during the upcoming year.
- Consider coverage if you travel or have a dependent in college in another state.

EXPLORING TOTAL WELLNESS AT THE CSU

In partnership with our vendors providing health, dental, vision, employee assistance program and financial wellness, the CSU is committed to promoting a culture of wellness through healthy lifestyles that enhance the quality of life for our faculty and staff.

Wellness is a lifestyle that integrates body, mind and spirit. The CSU encourages faculty and staff to participate in programs, activities and services that contribute to their wellness and the wellness of CSU communities.

Featured below are the wellness programs employees may participate in. Good health is more than not being ill, it's also a dynamic state of well-being that acknowledges the importance and inseparability of wellness. Check with your campus human resources/benefits office for further details about these programs.

Emotional Wellness— How you feel

CSU campuses offer an Employee Assistance Program (EAP) through Empathia LifeMatters at no cost to employees and members of their household. Empathia LifeMatters offers free, confidential counseling and referral services. Employees have 24-hour access to confidential services supporting emotional well-being, safety and productivity in the workplace, amongst many other resources. Visit mylifematters.com for more information. Please reach out to your benefits office for your campus-specific password.

Physical Wellness— How you live

CSU health plans offered through CalPERS feature many programs and classes promoting a healthier you. Many CSU campuses have wellness programs that encourage healthy living and eating.

Intellectual Wellness— How you think

Eligible CSU faculty and staff have access to programs designed to enhance professional development, expand knowledge and improve skills. The CSU Tuition Fee Waiver and Reduction Program provides CSU employees and their eligible dependents (for children, up to age 25) the opportunity to attend classes at CSU campuses at reduced rates. Fee waiver courses include undergraduate, graduate, credential, online and summer term courses, as long as they are state-supported.

Professional Wellness— How you grow

The CSU supports professional growth and wellness by assisting employees in their career development. Systemwide Learning and Development offers various options for employees to expand their job-related learning, supporting lifelong learning to enhance both your personal and professional development. Employees have access to various resources, including: [CSU Learn](#), a learning management system that provides self-paced courses, books and videos; leadership development programs for employees at various levels; live productions and courses from industry leaders; and much more. These resources allow CSU employees to expand their skills and knowledge and advance in the workplace.

Financial Wellness— How you manage your finances

Financial wellness is a critical part of employee well-being because money can be a huge source of anxiety. The CSU offers many programs to help employees become financially fit, including CalPERS retirement, income protection benefits (including life insurance and disability) and investment options for future financial security through the CSU Supplemental Retirement Plan 403(b). Fidelity Investments also offers employees free personalized financial counseling and helps with maximizing retirement savings and reaching other financial goals.

ELIGIBILITY

- To qualify for most benefits, you must initially have employment exceeding six months, with a time base of at least .50.
- Academic-year lecturers and coaches are eligible for benefits if appointed for a minimum of one semester or two consecutive quarters with a time base of .40 or greater.
- Affordable Care Act (ACA)—Employees who do not meet eligibility requirements listed above may qualify for health care under ACA.
- If you do not meet any of the eligibility criteria above, you may still be eligible to enroll in many of the voluntary plans.

DEPENDENT ELIGIBILITY

Dependents of an eligible employee include:

- Spouse (unless legally separated or divorced);

- Dependent children from birth to the end of the month in which the child turns 26.

A dependent child includes a step, natural, adopted, domestic partner's, a child certified disabled before age 26 or a child living with the employee in a parent-child relationship and is economically dependent upon the employee. For a list of required supporting documentation, please contact your campus benefits office.

VISION PLANS

The CSU's Vision Service Plan Basic and Premier

Vision Service Plan (VSP)

The CSU automatically provides the Basic plan for eligible employees and their families at no cost to the employee. Employees also have the option to upgrade to the Premier plan for a small monthly fee. If an employee elects the Premier plan, any dependents they wish to cover must also be enrolled.

For additional information, visit csuactives.vspforme.com or call (800) 400-4569.

Overview of the Basic and Premier Vision Plans

Eye exams are an important part of overall health care for the entire family. The Vision Benefits Summary on the next page may help you decide which plan best fits the needs of you and your family.

The VSP offers a large network of contracting providers, including optometrists and ophthalmologists. When a contracting network provider is used, the care is considered "in-network." Out-of-pocket costs will be less, and the highest level of benefits is received. If a provider outside the network is used, the care is considered "out-of-network." Coverage is still provided, but the out-of-pocket costs will be significantly higher.

Which Plan Is Right for You?

The plans utilize the VSP network of providers, but your out-of-pocket costs associated with the plans will vary.

The best vision plan for you depends on several factors:

- What are your anticipated vision expenses for 2027?
- What can you afford to pay out of pocket (in terms of copayments) when vision care is needed?
- Do you have other vision insurance?

Take the VSP & You quiz at visioncare.vsp.com/vsp-buy-up-quiz to decide which VSP vision plan is right for you.

Employee Coverage for CSU

CSU and VSP provide you with a choice of affordable vision plans. You have a choice between the Basic Plan, or may upgrade to the Premier Plan for enhanced benefits.

- Basic Plan: Advantage Premier Network
- Premier Plan: Choice Network

Premier Plan Eligibility

Eligibility requirements are the same across all plans (health, dental and vision) and defined in this guide under eligibility. However, unlike with health and dental, the Premier Plan requires all dependents to also be enrolled in the Premier Plan coverage or they will lose their Basic vision coverage. You cannot enroll in the Basic and Premier vision plans at the same time or split enrollments by leaving any dependents in the Basic vision plan.

REMINDER: Recent Enhancements for the SmileWay Wellness Benefit available under the Delta Dental PPO Plan includes:

- When you visit a PPO dentist, your diagnostic and preventive services (such as cleanings and exams) will not count toward your maximum.
- Enhanced coverage has been added for gum disease associated with a number of diagnosed systemic conditions (amyotrophic lateral sclerosis (ALS), cancer, chronic kidney disease, diabetes, heart disease, HIV/AIDS, Huntington's disease, joint replacement, lupus, opioid misuse and addiction, Parkinson's disease, rheumatoid arthritis, Sjogren's syndrome or stroke).

Delta Dental PPO

This plan allows you to select the dentist of your choice. Both you and Delta Dental have a shared responsibility of paying the dentist for services rendered. If you choose a dentist who participates in the Delta Dental PPO network and/or the Delta Dental Premier network in California, claims will be filed on your behalf.

Please note: If you select a dentist from the Delta Dental PPO Network, you will pay less in out-of-pocket expenses.

DeltaCare USA

A prepaid dental health maintenance organization (DHMO) is available for California residents only. All covered dental services must be performed by DeltaCare USA panel dentists. No claim forms are required. Each covered dental service has a specific copayment amount and several services are covered at no charge. You will receive an identification card and welcome letter, which lists your DeltaCare USA panel dentist.

OTHER EMPLOYER-PROVIDED BENEFITS

CSU Employer-Paid Basic Life, AD&D and Long-Term Disability

The CSU provides Basic Life, Accidental Death & Dismemberment (AD&D) and Long-Term Disability (LTD) to specific employee groups at no cost through The Standard. Some components of the Basic Life insurance contain travel assistance, portability of insurance, funeral arrangements, identity theft prevention and estate planning. LTD insurance is intended to replace a portion of your income by providing a monthly benefit if you cannot work for an extended period of time because of illness or injury.

HEALTH CARE REIMBURSEMENT PLAN (HCRA) AND DEPENDENT CARE REIMBURSEMENT PLAN (DCRA)

Health Care Reimbursement Account Plan (HCRA)

This plan allows you to set aside a portion of your pay on a pre-tax basis to reimburse yourself for eligible health, dental and vision care expenses for you, your spouse/registered domestic partner and eligible dependent(s). You may contribute up to \$3,400 for 2027 plan year through payroll deduction. Enrollment in the Health Care Reimbursement Account (HCRA) is required each year along with your designated contribution amounts. The 2027 monthly maximum is \$283.33. ASIFlex is the claims administrator for this plan.

Dependent Care Reimbursement Account Plan (DCRA)

The Dependent Care Reimbursement Account plan (DCRA) allows you to set aside a portion of your pay on a pre-tax basis to reimburse yourself for childcare expenses for your eligible dependent child(ren) under the age of 13. Additionally, if you have an older dependent who lives with you and requires assistance with day-to-day living and is listed as a dependent on your annual tax return, you can claim these eligible expenses through your DCRA.

You may contribute up to \$7,500 per plan year (\$625 per month) through payroll deduction (\$3,750 if married and filing a separate tax return). However, for the 2027 plan year, employees determined to be Highly Compensated Employees (HCEs), defined by the IRS as those earning \$160,000 or more, may contribute no more than \$5,000 annually (\$416.66 per month) due to federal nondiscrimination requirements. Neither your contributions nor your reimbursements are subject to federal income or payroll taxes. Enrollment in the DCRA is required each year.

HCRA

Debit Card

The ASIFlex Card (a limited use pre-paid debit card) provides an easy way to pay for out-of-pocket health care expenses for you, your spouse, and any tax dependents. The advantage of the card is that you do not have to pay with cash or a personal credit card. The ASIFlex Card will allow you to pay directly from your health care account and can be used at health care providers that accept VISA and certain retail merchants that inventory eligible health care products.

FSASTore

Employees can purchase eligible products and services through the Flexible Spending Account (FSA) site, FSASTore. [FSASTore.com](https://www.fsastore.com) has the largest inventory of FSA-eligible products and services on the web. It's a website you can trust to provide competitive pricing and quick turnaround for Flexible Spending Account information and shopping. Cardless pay is now available through the FSASTore by simply choosing the ASIFlex Payment option during the checkout process. Most FSA debit cards, as well as all major credit cards are accepted. Please note: although it accepts FSA debit cards, ASIFlex might require a receipt for your purchase to substantiate the claim.

HCRA & DCRA

ASIFlex Mobile App

You can check your balance from the palm of your hand with the ASIFlex Mobile App. Submit claims from anywhere, anytime. The app is available to download in the Apple Store and Google Play.

Fees and Disclosures

There is a \$1 monthly administrative fee, via payroll deduction, on a post-tax basis. The \$1 monthly administrative fee is charged per plan (HCRA/DCRA). The administrative fee will be referenced as CSU BEN FEE on the participant's pay warrant.

Employees are responsible for ensuring their elections are accurate at the time of enrollment. Employees are unable to change or cancel their enrollment(s) during the plan year, unless there is a change in their status (also known as a permitting event). Any unused funds left in their account after the June 30 deadline will be forfeited.

California State University (CSU) 403(b) Supplemental Retirement Plan (SRP)

The CSU provides you the opportunity to participate in the 403(b) Supplemental Retirement Plan (SRP). The SRP is a voluntary program that can help you save money on taxes, invest in your future and supplement your income in retirement. By contributing into the CSU 403(b) SRP, you can improve your chances of reaching your retirement goals.

Whether retirement is a long way off or right around the corner, by participating in the CSU 403(b) SRP, you could make a big difference in preparing for your future. Start with what you can and build from there. The important thing is that you start!

There are two ways you can contribute:

Pre-Tax Option

Save for retirement by investing monthly pre-tax contributions in tax-deferred investments. Pre-tax contributions mean more savings go toward your retirement goals than after-tax savings.

Roth Contribution (After-Tax) Option

Unlike a traditional pre-tax 403(b), a Roth 403(b) allows you to contribute after-tax dollars and then withdraw tax-free dollars from your account when you retire.

Advantages of saving in the CSU 403(b) SRP:

- Easy and convenient—Contributions are automatically deducted from your pay.
- Tax-advantaged—Both pre-tax and Roth options available.
- Variety of investment options—It's easy to find an investment strategy that helps you meet your goals.
- Guidance and education—Free consultations with Fidelity retirement planners are available at all campuses and virtually.
- Time is an asset—The sooner you start saving toward retirement, the more you benefit from compounding interest.
- Consolidate your retirement assets—Your campus Fidelity retirement planner can assist you in rolling over your balances from previous employers or your other CSU legacy 403(b) accounts.

8. What happens if I miss the Open Enrollment period or if I fail to enroll during my first 60 days of employment as a new hire?

If you have not previously been enrolled in health coverage through CSU and have not provided proof of other coverage, HIPAA offers two provisions—Special Enrollment and Late Enrollment—for employees and their eligible family members to enroll in a CalPERS health plan outside of the initial enrollment period and the Open Enrollment period.

Special enrollment must be requested within 60 calendar days of one of the following qualifying events:

- Loss of other non-CalPERS coverage.
- Marriage/registered domestic partnership.
- Birth/adoption.
- Court-ordered coverage.
- Divorce/termination of registered domestic partnership.

Late enrollment allows an employee to request enrollment if they declined or canceled enrollment for themselves or their eligible dependents, and the special enrollment exceptions do not apply.

Late enrollment is applied as follows:

- A 90-day waiting period is required.
- The effective date of enrollment will be the first of the month following the 90-day waiting period after required documentation has been provided to the campus benefits office.

Employees on leave of absence during Open Enrollment may change plans and add/delete dependents. Employees who do not change plans and add/delete dependents during the Open Enrollment period may do so within 60 days of the date they return to regular pay status.
