CREDIT UNION**

Routing # 121181743 | NMLS # 412534

Dear Fresno State Employees-

Because your employer cares about your financial well-being, cost-free financial services are available to all employees through Pacific Service Credit Union. We provide an alternative to big banks. As a not-for-profit organization, we're about people, not profits. In most cases, we pay higher yields on savings, charge lower rates for loans, and charge fewer and lower fees.

If you didn't get the opportunity to open your account in person while I was on-site, there's still an opportunity to take advantage of your \$50 account opening promotion! We are looking forward to welcoming you to the credit union.

To open your account, please fill out the application via this DocuSign

Every day, we put people before profits. Pacific Service Credit Union offers an entire array of cost saving products, services and benefits aimed at helping you achieve your financial goals and strengthen your financial future.
