

# JOIN US ONLINE!

The Cross Cultural and Gender Center has moved much of its programming and services to the online sphere, and we are developing new programs and activities to continue to do the work of building an inclusive and equitable Fresno State community.

*"A great place to meet new people and find a sense of belonging on campus"*

## OUR MISSION

We foster meaningful dialogue and activism that works to eliminate racism, sexism, heterosexism, and other forms of oppression. The center is a community that works toward creating an atmosphere where students and faculty are empowered to lead successful lives-- academically, professionally, and personally.

## OPPORTUNITIES TO VIRTUALLY ENGAGE

We are committed to supporting and continuing diversity related communities, trainings, and engagement with students.
