

Veterans Education Program

Veteran Student Success

Iantha Hutchinson, US Army Veteran
Graduate, Inaugural Cohort

Iantha thought returning to college was impossible.

She had significant financial hardship due to breast cancer treatment and was living in a homeless shelter.

Our program facilitated her matriculation into an undergraduate degree at CSU Northridge.

At the end of our program, but before she could matriculate to , she 'termed out' of housing at the shelter.

Our program raised donations from the community, enough to house her in our dorms over the summer and provide a meal plan.

Iantha graduates in May with a B.S. in Genetic Counseling!
