

Send out notices about programs to students more frequently

CURRENT CHALLENGE:

As a student, I always find it furiously aggravating that notices like this one about Bold Ideas is sent out to us at last minute shenanigans. From the bottom of my Bulldog pride, straighten up. Your students see this. And other schools may not, but eventually they will see where ya'll lack discipline.

PROPOSED SOLUTION:

As Trump would say, "You're fired" : let the slackers go and hire someone more...on top of their sh&%.

BENEFITS TO FRESNO STATE:

Your students will be informed ahead of time. And you'll feel relaxed to hear about that. #WinWin
