

# Bicycle Patrol Assignment

## 427.1 PURPOSE AND SCOPE

The CSU Police Department may establish a Bicycle Patrol Assignment for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

## 427.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Watch Commander.

## 427.3 SELECTION OF PERSONNEL

When a bicycle patrol assignment opportunity comes available, interested department personnel shall submit a email of interest for the assignment to their appropriate Division Commander. Qualified applicants will then be invited to an oral interview. Interested personnel shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Special skills or training as it pertains to the assignment.
- (c) Willingness to perform duties using the bicycle as a mode of transportation.

## 427.4 TRAINING

Participants in the program must complete an initial Department approved bicycle-training course after acceptance into the program. Thereafter bicycle patrol officers should receive annual in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.

Bicycle patrol sworn officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.
